

Submitter Characteristics (not needed for submission)	Introduction (Introduce yourself/group, acknowledge opportunity, note relevant work)	Strong Opening Statement (Focus on key issues relevant to you)	Recommendations (Strong clear statements, e.g., 'the proposal should be rejected because...')	Evidence/Arguments (Use facts from documents, case studies, local knowledge; include examples from Ampol's Scoping Report, Mod7 Report)	Positive Aspects (If any, or why none outweigh negatives)	Closing (Contact details, request reply/meeting, date)
Family with kids	We're parents in Kurnell with three school-aged children, here for 8 years enjoying the beaches. Grateful for this submission; we've joined local clean-up events.	Mod 7 endangers our family's health by capping toxins, risking ongoing pollution in play areas.	Deny Mod 7. Mandate full removal, audits, and rezoning for safe community spaces.	- Our kids swim in the bay; contamination studies show long-term risks to children. - Keeps hydrocarbons on-site, threatening leaks (Mod7 Report Sec 4 Pg 60).	No positives outweigh child safety threats (Scoping Pg 215).	[Names], [Address], [Email], [Phone]. Reply/meet on family risks. July 17, 2025.
Elderly couple	Long-time Kurnell retirees, married 50 years, witnessed industrial shifts. Appreciate submission; participated in heritage discussions.	Mod 7 perpetuates pollution, harming our retirement tranquility and bay views.	Reject Mod 7. Enforce off-site disposal and timelines for environmental restoration.	- We've suffered from past odors; capping continues this legacy of discomfort. - Consolidates waste locally, flood risks to bay (Mod7 Report Fig 7-5 Pg 111).	Jobs don't justify health legacy issues.	[Names], [Address], [Email], [Phone]. Response/meeting on elder concerns. July 17, 2025.
Family no kids	We're a child-free family in Kurnell for 10 years, valuing quiet lifestyle. Thanks for opportunity; we've followed site updates.	Mod 7 locks in hazards, devaluing our home and peaceful living.	Block Mod 7. Require complete cleanup and rezoning audits.	- Enjoy bay walks; pollution fears could force relocation. - Indefinite monitoring creates uncertainty (Mod7 Report Sec 3 Pg 53).	Subdivision adds stakeholders, outweighing benefits (Scoping Pg 215).	[Names], [Address], [Email], [Phone]. Reply/meet on lifestyle impacts. July 17, 2025.
Elderly single	Retired widow in Kurnell 35 years, cherishing solitude. Grateful for submission; involved in senior groups.	Mod 7 risks isolation with pollution, affecting my daily peace.	Deny Mod 7. Demand removal and independent safety checks.	- Alone, health issues from toxins worry me most. - No audits for capped areas unreliable (Mod7 Report App G Pg 8).	No positives for vulnerable elders.	[Name], [Address], [Email], [Phone]. Response/meeting on senior safety. July 17, 2025.
Family with kids	Kurnell family with infant and toddler, new residents for 3 years. Thanks for chance; monitored refinery news.	Mod 7 threatens infant health with capped contaminants near home.	Reject Mod 7. Insist on off-site waste and park rezoning.	- Toddlers explore outdoors; PFAS exposure risks developmental issues. - Permanent capping saves costs but endangers (Mod7 Report Sec 4 Pg 60).	Industrial lock-in no benefit for young families (Scoping Fig B-2 Pg 240).	[Names], [Address], [Email], [Phone]. Reply/meet on child vulnerabilities. July 17, 2025.
Couples	We're a middle-aged couple in Kurnell for 12 years, no kids. Appreciate submitting; attended community forums.	Mod 7's capping jeopardizes our bay recreation and property.	Block Mod 7. Mandate audits and timelines for cleanup.	- We kayak often; leaks could ruin water quality. - Flood models show bay risks (Mod7 Report Fig 7-5 Pg 111).	Energy plans lock zoning, outweighing jobs (Scoping Pg 215).	[Names], [Address], [Email], [Phone]. Response/meeting on couple concerns. July 17, 2025.
Elderly couple	Kurnell retirees together 45 years, seen area evolve. Thanks for opportunity; joined pollution talks.	Mod 7 caps waste, endangering our golden years' environment.	Reject Mod 7. Enforce removal and rezoning for legacy.	- Age makes us vulnerable to toxins; past events worsened health. - Containment perpetuates risks (Mod7 Report Fig 4-3 Pg 58).	No positives justify lifelong pollution.	[Names], [Address], [Email], [Phone]. Reply/meet on retirement impacts. July 17, 2025.
Family no kids	Childless Kurnell family for 15 years, focused on community. Grateful for submission; volunteered locally.	Mod 7's industry lock-in stifles community growth we value.	Deny Mod 7. Require full remediation and space rezoning.	- We host gatherings; pollution stigma affects social life. - Zoning reinforces heavy use (Scoping Report Fig B-2 Pg 240).	Benefits don't outweigh community harm.	[Names], [Address], [Email], [Phone]. Response/meeting on social effects. July 17, 2025.

Elderly single	Single pensioner in Kurnell 30 years, enjoying solitude. Appreciate chance; part of elder networks.	Mod 7 risks my independence with ongoing site hazards.	Block Mod 7. Demand audits and safe rezoning.	- Limited mobility means pollution hits harder at home. - Indefinite works uncertain (Mod7 Report Sec 3 Pg 53).	No positives for isolated seniors.	[Name], [Address], [Email], [Phone]. Reply/meet on elder isolation. July 17, 2025.
Family with kids	Parents with teens in Kurnell 7 years, active in sports. Thanks for submitting; followed environmental reports.	Mod 7 caps toxins, threatening teen activities in bay areas.	Reject Mod 7. Enforce off-site and biodiversity protection.	- Teens surf/fish; contamination could ban areas. - Threatens species/runoff (Scoping Report Pg 51).	No benefits outweigh youth risks.	[Names], [Address], [Email], [Phone]. Reply/meet on teen impacts. July 17, 2025.
Couples	Young couple in Kurnell 4 years, planning future. Grateful for opportunity; engaged in local planning.	Mod 7's capping deters our long-term stay with pollution fears.	Deny Mod 7. Require removal and community rezoning.	- We hike trails; leaks could close them. - Flood risks to wetlands (Mod7 Report Fig 7-5 Pg 111).	Industrial plans no positive for couples (Scoping Pg 215).	[Names], [Address], [Email], [Phone]. Response/meet on future plans. July 17, 2025.
Elderly couple	Kurnell seniors married 55 years, community pillars. Thanks for chance; advocated for cleanups.	Mod 7 betrays our advocacy by leaving waste buried.	Reject Mod 7. Mandate audits and restoration timelines.	- Health declines with age; toxins exacerbate issues. - No audits unreliable (Mod7 Report App G Pg 8).	Jobs don't compensate legacy pollution.	[Names], [Address], [Email], [Phone]. Reply/meet on advocacy history. July 17, 2025.
Family no kids	Kurnell family without children for 9 years, pet owners. Appreciate submission; pet health concerns.	Mod 7 risks pet/wildlife health with on-site contaminants.	Block Mod 7. Enforce off-site and environmental audits.	- Pets drink from local water; pollution affects animals. - Capping endangers biodiversity (Scoping Report Pg 51).	No positives for animal lovers.	[Names], [Address], [Email], [Phone]. Response/meet on pet impacts. July 17, 2025.
Elderly single	Widowed retiree in Kurnell 28 years, garden enthusiast. Grateful for opportunity; tended bay gardens.	Mod 7 threatens gardens with soil/water pollution.	Deny Mod 7. Demand removal and green space rezoning.	- Gardens suffer from runoff; capping worsens. - Perpetual risks local (Mod7 Report Sec 4 Pg 60).	No benefits for nature hobbies.	[Name], [Address], [Email], [Phone]. Reply/meet on gardening concerns. July 17, 2025.
Family with kids	Family with one child in Kurnell 6 years, education focus. Thanks for chance; school environment worries.	Mod 7 could impact school proximity to hazards.	Reject Mod 7. Require safe timelines and audits.	- Child attends local school; air/noise pollution risks learning. - Industrial lock-in increases traffic/noise (Scoping Report Pg 49).	No positives outweigh education threats.	[Names], [Address], [Email], [Phone]. Reply/meet on school effects. July 17, 2025.
Couples	Retired couple in Kurnell 20 years, hobby fishers. Appreciate submitting; fished bay regularly.	Mod 7 caps waste, polluting our fishing spots.	Block Mod 7. Mandate bay protection over capping.	- Fish catches declined from past pollution; more risks ahead. - Flood leaching toxins (Mod7 Report Fig 7-5 Pg 111).	Benefits don't justify fishing loss.	[Names], [Address], [Email], [Phone]. Response/meet on hobby impacts. July 17, 2025.
Elderly couple	Kurnell elders together 40 years, health-conscious. Thanks for opportunity; doctor visits from pollution.	Mod 7 worsens health with uncapped toxins nearby.	Reject Mod 7. Enforce full cleanup and monitoring.	- Doctor links symptoms to site; capping continues exposure. - Self-monitoring unreliable (Mod7 Report App G Pg 8).	No positives for health-vulnerable.	[Names], [Address], [Email], [Phone]. Reply/meet on medical concerns. July 17, 2025.
Family no kids	Kurnell couple family for 11 years, no kids, community volunteers. Grateful for submission; helped with events.	Mod 7 divides community with industrial perpetuity.	Deny Mod 7. Require rezoning for unity spaces.	- Events near site; stigma reduces attendance. - Zoning blocks parks (Scoping Report Fig B-2 Pg 240).	No benefits outweigh division.	[Names], [Address], [Email], [Phone]. Response/meet on volunteer views. July 17, 2025.
Elderly single	Single senior in Kurnell 32 years, birdwatcher. Appreciate chance; observed wildlife changes.	Mod 7 harms biodiversity I've watched decline.	Block Mod 7. Demand offsets and ecological rezoning.	- Birds fewer from pollution; capping adds threats. - Endangers species (Scoping Report Pg 51).	No positives for wildlife lovers.	[Name], [Address], [Email], [Phone]. Reply/meet on birdwatching. July 17, 2025.

Family with kids	Parents with newborns in Kurnell 4 years, safety priority. Thanks for submitting; newborn health focus.	Mod 7 risks infants with toxin exposure near home.	Reject Mod 7. Insist on removal for child safety.	- Newborns vulnerable; studies link PFAS to birth issues. - Capping saves costs but endangers (Mod7 Report Sec 4 Pg 60).	Industrial plans no benefit for new parents (Scoping Pg 215).	[Names], [Address], [Email], [Phone]. Reply/meet on infant risks. July 17, 2025.
Couples	Kurnell partners 6 years, outdoor enthusiasts. Grateful for opportunity; hiked peninsula trails.	Mod 7's hazards could close trails we love.	Deny Mod 7. Require audits and nature rezoning.	- Trails polluted; leaks deter hikes. - Flood risks runoff (Mod7 Report Fig 7-5 Pg 111).	No positives outweigh outdoor loss.	[Names], [Address], [Email], [Phone]. Response/meet on activity impacts. July 17, 2025.
Elderly couple	Seniors in Kurnell 60 years, family history. Thanks for chance; raised kids here.	Mod 7 betrays our family history with pollution legacy.	Reject Mod 7. Enforce timelines for clean future.	- Raised family amid refinery; don't want repeat for grandkids. - Indefinite works uncertain (Mod7 Report Sec 3 Pg 53).	Benefits don't justify family harm.	[Names], [Address], [Email], [Phone]. Reply/meet on history. July 17, 2025.
Family no kids	Kurnell family no children 14 years, eco-focused. Appreciate submission; planted native gardens.	Mod 7 threatens our eco-efforts with capped waste.	Block Mod 7. Mandate removal and green rezoning.	- Gardens at risk from runoff; capping worsens. - Perpetual containment (Mod7 Report Sec 4 Pg 60).	No positives for eco-living.	[Names], [Address], [Email], [Phone]. Response/meet on garden concerns. July 17, 2025.
Elderly single	Kurnell widower 25 years, quiet life. Grateful for opportunity; avoided industrial noise.	Mod 7 brings noise/waste disrupting my peace.	Deny Mod 7. Demand quiet, clean rezoning.	- Noise affects sleep; more from industry. - Locks heavy use (Scoping Report Fig B-2 Pg 240).	No benefits for solitary living.	[Name], [Address], [Email], [Phone]. Reply/meet on noise issues. July 17, 2025.
Family with kids	Family with preschoolers in Kurnell 9 years, park users. Thanks for submitting; use local parks daily.	Mod 7 prevents park rezoning, limiting family spaces.	Reject Mod 7. Enforce rezoning for community parks.	- Preschoolers need safe play; zoning blocks this. - Industrial lock-in (Scoping Report Fig B-2 Pg 240).	No positives outweigh park loss.	[Names], [Address], [Email], [Phone]. Reply/meet on play areas. July 17, 2025.
Couples	Kurnell duo 10 years, no kids, beach lovers. Appreciate chance; swam bay regularly.	Mod 7 caps toxins, polluting beaches we cherish.	Block Mod 7. Require bay cleanup over capping.	- Beaches dirtier from leaks; swimming unsafe. - Flood threats (Mod7 Report Fig 7-5 Pg 111).	Jobs don't justify beach harm (Scoping Pg 215).	[Names], [Address], [Email], [Phone]. Response/meet on beach impacts. July 17, 2025.
Elderly couple	Kurnell pair retired 42 years, walkers. Thanks for opportunity; daily bay walks.	Mod 7 risks walks with contamination spread.	Reject Mod 7. Mandate removal for safe paths.	- Walks health-boosting; pollution deters. - Capping endangers (Mod7 Report Sec 4 Pg 60).	No positives for active aging.	[Names], [Address], [Email], [Phone]. Reply/meet on walking concerns. July 17, 2025.
Family no kids	Child-free Kurnell family 13 years, volunteers. Grateful for submission; helped tourism events.	Mod 7 hurts tourism we support with industrial risks.	Deny Mod 7. Require audits for visitor safety.	- Events draw crowds; stigma reduces numbers. - No audits unreliable (Mod7 Report App G Pg 8).	Benefits don't outweigh tourism loss.	[Names], [Address], [Email], [Phone]. Response/meet on event effects. July 17, 2025.
Elderly single	Single elder in Kurnell 37 years, nature observer. Appreciate chance; noted changes.	Mod 7 accelerates environmental decline I've seen.	Block Mod 7. Demand offsets for biodiversity.	- Wildlife vanished; more threats ahead. - Endangers species (Scoping Report Pg 51).	No positives for observed loss.	[Name], [Address], [Email], [Phone]. Reply/meet on nature changes. July 17, 2025.
Family with kids	Kurnell parents with baby, residents 2 years. Thanks for chance; newborn focus.	Mod 7 endangers babies with nearby toxins.	Reject Mod 7. Insist on safe, timed cleanup.	- Babies sensitive; exposure risks high. - Indefinite uncertainty (Mod7 Report Sec 3 Pg 53).	No benefits for new families.	[Names], [Address], [Email], [Phone]. Reply/meet on baby safety. July 17, 2025.
Couples	Kurnell partners 8 years, cyclists. Grateful for opportunity; bike peninsula.	Mod 7's hazards could contaminate cycling routes.	Deny Mod 7. Require road safety audits.	- Bikes near site; dust/noise increases. - Traffic from industry (Scoping Report Pg 49).	No positives outweigh cycling risks.	[Names], [Address], [Email], [Phone]. Response/meet on route concerns. July 17, 2025.
Elderly couple	Kurnell seniors 48 years, gardeners. Thanks for submitting; maintained yards.	Mod 7 pollutes soil we garden in.	Reject Mod 7. Enforce soil protection rezoning.	- Gardens contaminated; health from produce. - Runoff risks (Mod7 Report Fig 4-3 Pg 58).	No positives for home gardening.	[Names], [Address], [Email], [Phone]. Reply/meet on soil issues. July 17, 2025.

Family no kids	Kurnell family no kids 16 years, boat owners. Appreciate chance; boated bay.	Mod 7 threatens boating with water pollution.	Block Mod 7. Mandate bay monitoring.	- Boats affected by spills; more risks. - Flood leaching (Mod7 Report Fig 7-5 Pg 111).	No benefits for boating lifestyle.	[Names], [Address], [Email], [Phone]. Response/meet on water activities. July 17, 2025.
Elderly single	Kurnell retiree alone 29 years, reader. Grateful for opportunity; read on environment.	Mod 7 ignores research on capping failures.	Deny Mod 7. Demand evidence-based rejection.	- Studies show capping leaks; worries me. - Perpetual risks (Mod7 Report Sec 4 Pg 60).	No positives from failed methods.	[Name], [Address], [Email], [Phone]. Reply/meet on research. July 17, 2025.
Family with kids	Parents with twins in Kurnell 5 years, community active. Thanks for submission; PTA members.	Mod 7 risks school events near contaminated site.	Reject Mod 7. Require family-safe rezoning.	- Events outdoors; pollution could cancel. - Locks heavy industry (Scoping Report Fig B-2 Pg 240).	No positives for community events.	[Names], [Address], [Email], [Phone]. Reply/meet on PTA concerns. July 17, 2025.
Couples	Kurnell couple 15 years, no children, runners. Appreciate chance; run trails.	Mod 7 caps waste, polluting running paths.	Block Mod 7. Enforce trail protection.	- Runs invigorating; dust from site harms. - Containment saves but risks (Mod7 Report Sec 4 Pg 60).	No positives outweigh fitness loss.	[Names], [Address], [Email], [Phone]. Response/meet on running impacts. July 17, 2025.
Elderly couple	Kurnell elders 52 years, storytellers. Thanks for opportunity; shared history.	Mod 7 erases clean future we envision.	Reject Mod 7. Mandate legacy preservation.	- Stories of cleaner times; capping contradicts. - Uncertainty indefinite (Mod7 Report Sec 3 Pg 53).	Benefits don't match our vision.	[Names], [Address], [Email], [Phone]. Reply/meet on stories. July 17, 2025.
Family no kids	Childless Kurnell family 7 years, artists. Grateful for submission; inspired by nature.	Mod 7 pollutes inspiration for our art.	Deny Mod 7. Require artistic space rezoning.	- Nature scenes tainted; creativity suffers. - Endangers biodiversity (Scoping Report Pg 51).	No positives for creative community.	[Names], [Address], [Email], [Phone]. Response/meet on art effects. July 17, 2025.
Elderly single	Single senior in Kurnell 34 years, volunteer. Appreciate chance; helped seniors.	Mod 7 burdens vulnerable like me with risks.	Block Mod 7. Demand elder-focused audits.	- Volunteering harder with health fears. - No audits unreliable (Mod7 Report App G Pg 8).	No positives for volunteers.	[Name], [Address], [Email], [Phone]. Reply/meet on senior help. July 17, 2025.
Family with kids	Kurnell family with four kids, here 10 years. Thanks for chance; family outings.	Mod 7 limits family outings with pollution.	Reject Mod 7. Enforce safe bay access.	- Outings to bay; leaks could restrict. - Flood threats (Mod7 Report Fig 7-5 Pg 111).	No positives outweigh family fun.	[Names], [Address], [Email], [Phone]. Reply/meet on outings. July 17, 2025.
Couples	Kurnell partners 9 years, photographers. Grateful for opportunity; captured landscapes.	Mod 7 ruins landscapes we photograph.	Deny Mod 7. Require visual protection rezoning.	- Photos show decline; capping accelerates. - Industrial lock-in (Scoping Report Fig B-2 Pg 240).	No positives for visual arts.	[Names], [Address], [Email], [Phone]. Response/meet on photography. July 17, 2025.
Elderly couple	Kurnell seniors 46 years, neighbors. Thanks for submitting; neighborhood watch.	Mod 7 divides neighbors with shared risks.	Reject Mod 7. Mandate community unity audits.	- Watch alerts on pollution; more alerts ahead. - Self-monitoring divides trust (Mod7 Report App G Pg 8).	No positives for neighborhood bonds.	[Names], [Address], [Email], [Phone]. Reply/meet on watch concerns. July 17, 2025.
Family no kids	Kurnell family no kids 18 years, hosts. Appreciate chance; entertained friends.	Mod 7's stigma reduces our hosting.	Block Mod 7. Require stigma-reducing cleanup.	- Friends avoid polluted areas; events suffer. - Containment perpetuates (Mod7 Report Sec 4 Pg 60).	No positives outweigh social loss.	[Names], [Address], [Email], [Phone]. Response/meet on hosting. July 17, 2025.
Elderly single	Kurnell retiree alone 31 years, reader of history. Grateful for opportunity; studied site.	Mod 7 ignores historical lessons on pollution.	Deny Mod 7. Demand history-based rejection.	- History shows failures; capping repeats. - Legacy contamination (Scoping Report Pg 27).	No positives from ignored history.	[Name], [Address], [Email], [Phone]. Reply/meet on historical views. July 17, 2025.
Family with kids	Parents with adolescent in Kurnell 11 years, sports coaches. Thanks for submission; coach teams.	Mod 7 risks sports fields with nearby hazards.	Reject Mod 7. Enforce safe recreation rezoning.	- Teams practice outdoors; noise/pollution disrupts. - Increases traffic/noise (Scoping Report Pg 49).	No positives for sports families.	[Names], [Address], [Email], [Phone]. Reply/meet on coaching concerns. July 17, 2025.

Couples	Kurnell duo 11 years, no kids, sailors. Appreciate chance; sailed bay.	Mod 7 pollutes waters we sail.	Block Mod 7. Mandate water quality protection.	- Sailing tainted by toxins; unsafe. - Leaching from floods (Mod7 Report Fig 7-5 Pg 111).	No positives outweigh sailing loss.	[Names], [Address], [Email], [Phone]. Response/meet on sailing impacts. July 17, 2025.
Elderly couple	Kurnell elders 49 years, grandparents. Thanks for opportunity; grandkids visit.	Mod 7 endangers visits from grandkids.	Reject Mod 7. Require family-safe timelines.	- Grandkids play; exposure worries. - Uncertainty indefinite (Mod7 Report Sec 3 Pg 53).	No positives for family visits.	[Names], [Address], [Email], [Phone]. Reply/meet on grandkid risks. July 17, 2025.
Family no kids	Child-free Kurnell family 5 years, hikers. Grateful for submission; explored trails.	Mod 7 threatens trails with industrial expansion.	Deny Mod 7. Enforce hiking space rezoning.	- Trails our escape; development encroaches. - Locks heavy industry (Scoping Report Fig B-2 Pg 240).	No positives for hikers.	[Names], [Address], [Email], [Phone]. Response/meet on trails. July 17, 2025.
Elderly single	Single pensioner in Kurnell 26 years, quiet walker. Appreciate chance; daily strolls.	Mod 7 disrupts strolls with site activity.	Block Mod 7. Demand peaceful rezoning.	- Strolls calming; noise increases stress. - From ongoing works (Mod7 Report Sec 3 Pg 53).	No positives for quiet life.	[Name], [Address], [Email], [Phone]. Reply/meet on walks. July 17, 2025.
Family with kids	Kurnell family with toddler, 1 year residents. Thanks for chance; new to area concerns.	Mod 7 welcomes us with pollution threats.	Reject Mod 7. Insist on newcomer-safe cleanup.	- Toddler explores; risks too high. - Legacy toxins (Scoping Report Pg 27).	No positives for newcomers.	[Names], [Address], [Email], [Phone]. Reply/meet on new resident views. July 17, 2025.
Couples	Kurnell partners 13 years, birders. Grateful for opportunity; watched birds.	Mod 7 harms birds we observe.	Deny Mod 7. Require biodiversity protection.	- Birds declining; more threats. - Endangers species (Scoping Report Pg 51).	No positives outweigh bird loss.	[Names], [Address], [Email], [Phone]. Response/meet on birding. July 17, 2025.
Elderly couple	Kurnell seniors 53 years, historians. Thanks for submitting; documented changes.	Mod 7 adds negative chapter to history.	Reject Mod 7. Mandate positive legacy.	- Documented improvements; capping reverses. - Perpetual containment (Mod7 Report Sec 4 Pg 60).	No positives for historical record.	[Names], [Address], [Email], [Phone]. Reply/meet on documentation. July 17, 2025.
Family no kids	Kurnell family no children 19 years, cyclists. Appreciate chance; cycled roads.	Mod 7 increases road hazards for cycling.	Block Mod 7. Enforce safe transport audits.	- Roads busier; safety drops. - Traffic from industry (Scoping Report Pg 49).	No positives outweigh road risks.	[Names], [Address], [Email], [Phone]. Response/meet on cycling safety. July 17, 2025.
Elderly single	Kurnell retiree single 33 years, meditator. Grateful for opportunity; meditated by bay.	Mod 7 disturbs meditation with pollution worries.	Deny Mod 7. Demand serene rezoning.	- Peace shattered by fears; mental health suffers. - Flood risks (Mod7 Report Fig 7-5 Pg 111).	No positives for mental well-being.	[Name], [Address], [Email], [Phone]. Reply/meet on meditation impacts. July 17, 2025.
Family with kids	Parents with school kids in Kurnell 12 years, volunteers. Thanks for submission; helped schools.	Mod 7 affects schools near site.	Reject Mod 7. Require education-safe measures.	- Kids at school; pollution reaches classrooms. - No audits unreliable (Mod7 Report App G Pg 8).	No positives for education.	[Names], [Address], [Email], [Phone]. Reply/meet on school help. July 17, 2025.
Couples	Kurnell couple 7 years, gardeners. Appreciate chance; grew veggies.	Mod 7 contaminates our garden soil.	Block Mod 7. Mandate soil safety.	- Veggies unsafe; health from home-grown. - Runoff from capping (Mod7 Report Fig 4-3 Pg 58).	No positives for gardening couples.	[Names], [Address], [Email], [Phone]. Response/meet on soil. July 17, 2025.
Elderly couple	Kurnell elders 51 years, story sharers. Thanks for opportunity; told tales.	Mod 7 sours tales with pollution.	Reject Mod 7. Enforce clean narrative.	- Tales of beauty; capping uglies them. - Legacy contamination (Scoping Report Pg 27).	No positives for storytellers.	[Names], [Address], [Email], [Phone]. Reply/meet on tales. July 17, 2025.
Family no kids	Kurnell family without kids 8 years, photographers. Grateful for submission; shot landscapes.	Mod 7 ruins photo spots with industry.	Deny Mod 7. Require scenic protection.	- Landscapes changed; inspiration lost. - Locks heavy use (Scoping Report Fig B-2 Pg 240).	No positives for photographers.	[Names], [Address], [Email], [Phone]. Response/meet on photos. July 17, 2025.

Elderly single	Single elder in Kurnell 27 years, listener. Appreciate chance; heard concerns.	Mod 7 ignores concerns I've heard.	Block Mod 7. Demand listening audits.	- Neighbors worry; more to come. - Self-monitoring deaf to issues (Mod7 Report App G Pg 8).	No positives for community voice.	[Name], [Address], [Email], [Phone]. Reply/meet on heard worries. July 17, 2025.
Family with kids	Kurnell family with young ones, 13 years residents. Thanks for chance; family picnics.	Mod 7 spoils picnics with toxin fears.	Reject Mod 7. Enforce picnic-safe spaces.	- Picnics by bay; unsafe now. - Capping risks leaks (Mod7 Report Sec 4 Pg 60).	No positives outweigh picnics.	[Names], [Address], [Email], [Phone]. Reply/meet on family outings. July 17, 2025.
Couples	Kurnell partners 14 years, swimmers. Grateful for opportunity; swam daily.	Mod 7 pollutes swimming waters.	Deny Mod 7. Mandate water cleanup.	- Swims refreshing; toxins deter. - Flood leaching (Mod7 Report Fig 7-5 Pg 111).	No positives for swimmers.	[Names], [Address], [Email], [Phone]. Response/meet on swimming. July 17, 2025.
Elderly couple	Kurnell seniors 54 years, listeners. Thanks for submitting; heard stories.	Mod 7 adds bad stories to our ears.	Reject Mod 7. Enforce good outcomes.	- Stories of harm; capping adds. - Uncertainty perpetual (Mod7 Report Sec 3 Pg 53).	No positives for listeners.	[Names], [Address], [Email], [Phone]. Reply/meet on stories heard. July 17, 2025.
Family no kids	Kurnell family no children 20 years, runners. Appreciate chance; ran paths.	Mod 7 endangers running paths with dust.	Block Mod 7. Require path safety.	- Runs energizing; pollution hinders. - From site activity (Scoping Report Pg 49).	No positives for runners.	[Names], [Address], [Email], [Phone]. Response/meet on paths. July 17, 2025.
Elderly single	Kurnell retiree single 36 years, observer. Grateful for opportunity; watched bay.	Mod 7 changes bay I've watched.	Deny Mod 7. Demand bay preservation.	- Bay altered; more changes bad. - Flood risks (Mod7 Report Fig 7-5 Pg 111).	No positives for observers.	[Name], [Address], [Email], [Phone]. Reply/meet on bay watching. July 17, 2025.
Family with kids	Parents with kids in Kurnell 14 years, campers. Thanks for submission; camped locally.	Mod 7 risks camping sites with hazards.	Reject Mod 7. Enforce safe camping rezoning.	- Camping fun; pollution spoils. - Endangers areas (Scoping Report Pg 51).	No positives outweigh camping.	[Names], [Address], [Email], [Phone]. Reply/meet on camps. July 17, 2025.
Couples	Kurnell couple 5 years, no kids, kayakers. Appreciate chance; kayaked bay.	Mod 7 contaminates kayaking waters.	Block Mod 7. Mandate water audits.	- Kayaks peaceful; toxins disrupt. - Leaks from capping (Mod7 Report Sec 4 Pg 60).	No positives for kayakers.	[Names], [Address], [Email], [Phone]. Response/meet on kayaking. July 17, 2025.
Elderly couple	Kurnell elders 47 years, readers. Thanks for opportunity; read reports.	Mod 7 contradicts reports we've read.	Reject Mod 7. Enforce fact-based denial.	- Reports show risks; capping ignores. - Legacy issues (Scoping Report Pg 27).	No positives from contradictions.	[Names], [Address], [Email], [Phone]. Reply/meet on readings. July 17, 2025.
Family no kids	Kurnell family without kids 6 years, walkers. Grateful for submission; walked daily.	Mod 7 pollutes walks we treasure.	Deny Mod 7. Require walk-safe cleanup.	- Walks healthful; air quality drops. - From industrial lock (Scoping Report Fig B-2 Pg 240).	No positives for walkers.	[Names], [Address], [Email], [Phone]. Response/meet on walks. July 17, 2025.
